JURY CAN'T AGREE IN THE MOUNT CASE

The Arguments Ended Yesterday Afternoon.

At Noon Jury Reported it Could Not Reach a Verdict and Was Sent Back.

NEWS TODAY IN OTHER COURTS

The indications are this afternoon that there will be a hung jury in the Willis Mount murder case. The jury began its deliberations yesterday afternoon shortly after 4 o'clock, after the arguments had been concluded, and at press time had reached no verdict. This is taken as a pretty sure sign that the jury is unable to agree.

The evidence developed was quite strong, and it is reported that the difference of opinion among the jurors is not as to guilt but as to the punishment.

Others, on the other hand, think that it will be hard for the jury, from the evidence adduced, to find a verdict except for murder in the first degree, or acquittal.

At noon the jury through one of its members, reported that it could not agree and Judge Reed sent the jury back to try it again.

At press time the case against Ernest Hill and Irvin Ligon was on trial. They are negroes and charged with having detained Ella Ballinger against her will.

Lee Ellis was granted a continuance. He is charged with malicious shooting.

Maggie White who found Mr. Wheeler's pocketbook containing several hundred dollars and refused to deliver it to the rightful owner, was found guilty of grand larceny and given three years in the penitentiary. She ran away to Mayfield with the money and was spending it when arrested.

The master commissioner's sale in the following cases was confirmed in circuit court and the regular allowances made as follows: J. S. Tontman, executor, vs R. A. Billingsley; Felix Rudolph, administrator, vs Lena Englert, \$28.50; Fidelity Trust company vs Mary Turner, \$96; Cobb and Bagby, administrators, vs W. S. Gholson, \$20.10; Frank Fisher vs Fredericka Paxton, \$19.90; Pat Halloran vs C. O. Allard, \$35.10; U. S. Walton vs Lena Englert, \$29.20; Bookman vs Abram Jones, \$20.52.

I. B. Green, of the county, who was arraigned in circuit court this morning for shooting his son in law, Lee Bolton, was fined \$100 and costs for shooting in sudden heat and passion.

The case of Mattie Ashford against The East Tennessee Telephone Co. was dismissed.

The case of William Calvert against The I. C. R. Co. was dismissed.

Albert Jackson, colored, was fined \$30 and costs for striking Mattie Bremer.

RUSSIA'S BIG SHIP BLOWN UP BY A MINE

This Seems to be the Generally Accepted Theory Now.

Report of Another Bottling of Harbor Denied—Only One Russian Vessel Unhurt.

SCENES ABOARD THE DOOMED WAR SHIP

St. Petersburg, April 15.—The Associated Press obtained what is practically the official version of the sinking of the battleship Petropavlovsk at Port Arthur. The version is as follows:

Retiring before the advance of a superior Japanese fleet which was not fighting its progress the Russian squadron approached to the harbor. It was shortly after 8 o'clock in the morning and many of the officers and members of the crews were at breakfast on the flagship. Vice Admiral Makaroff was eating breakfast in his cabin and the ward room was crowded with officers surrounding the tables. On the bridge Grand Duke Cyril, his friend, Lieutenant Von Kobe, Captain Jakovlev, commanding the vessel, and two other officers were on watch examining the narrow entrance preparatory to entering it.

About 8:30 o'clock there was a terrible explosion of the boilers, followed by a few minutes later by a detonation from the well stored magazines. Huge gaps were torn in the hull of the ship and the water rushed in. The center of the gravity having gone the ship rolled on her side and sank.

All information tends to prove that a mine was responsible for the destruction of the Petropavlovsk.

The scene below will never be described, so far as known, not a single person between decks succeeding in escaping. The hot steam, which scalded the men on the decks, indicated what must have been the character of the death met by those in the engine room. The men on deck were thrown in all directions, those falling into the water swimming and grasping the wreckage to which some of them were able to cling.

The remainder of the squadron immediately stopped and lowered small boats and the torpedo boats steamed as quickly as possible to the rescue of the survivors.

The escape of Grand Duke Cyril and Lieutenant Von Kobe was nothing short of miraculous. The force of the explosion sent Grand Duke Cyril flying across the bridge and the base of his skull struck on an iron stanchion. Fortunately he did not lose consciousness. Believing that the ship was about to sink he clambered hastily down its side and plunged into the water. He succeeded in reaching a piece of wreckage, to which he clung. The grand duke was in the water about 20 minutes before he was picked up by a torpedo boat. Lieutenant Von Kobe was also found swimming and was picked up. Captain Jakovlev was thrown against the stanchion with such force that he was killed.

Grand Duke Cyril's injuries were severe.

ONLY ONE SHIP UNHURT.
New York, April 15.—Of the Russian squadron of battleships and cruisers attached to the Port Arthur station at the outbreak of the war in the first week of February only one ship escaped injury. This is the battleship Peresviet, one of the class of three ships of which the Pobieda, which is reported to have run on a mine on Wednesday, and the Oslabia, now in the home waters of the Baltic, were the sister vessels, each having a displacement of 1,2670 tons and a speed of eighteen knots.

Complete losses of Russian war vessels follow:

Petropavlovsk, battleship, 10,960, sunk April 13.

Variag, cruiser, 3,500, sunk February 9.

Boyarin, cruiser, 3,200, sunk February 11.

Korietz, gunboat, 3,200, sunk February 9.

Yenesel, mining ship, 1,500, sunk Bezstrashini, destroyer, 3,500, sunk April 13.

Four other torpedo boats and destroyers have been sunk or completely wrecked.

ANOTHER "BOTTLE" STORY.
St. Petersburg, April 15.—Rumors are current that Vice Admiral Togo sent in a number of steamers on the night of March 31 and succeeded in sinking several of them and in blocking the channel of Port Arthur.

The date referred to by the correspondent in the above dispatch, March 31, is probably according to the old style calendar used in Russia, by which the event would have taken place on April 13, according to the new style calendar.

JAPANESE TROOPS ARRIVE.
Shanghai, April 15.—Advices received from Seoul are to the effect that the Japanese main force has arrived at Wiju, northwestern Korea, and in the future the landing of troops will be made at Chulsan, near the mouth of the Yalu river. It is also stated that the Japanese transport took 700 wounded soldiers home who received injuries in skirmish with the Russians at Wiju the latter part of March.

RUSSIA OFFICIALLY DENIES.
St. Petersburg, April 15.—An official denial has been issued to the Japanese statement that the Japanese fleet is responsible for the sinking of the battleship Petropavlovsk. The general staff is of the opinion that the Petropavlovsk was sunk by a mine placed at the entrance of the harbor to protect the inner bay. The battleship was sunk in full view of Admiral Togo's squadron.

HAS RESUMED WORK ON THE STREETS

The Board of Public Works Will Probably Decide.

It the Contractor Is Entitled to Extras He Will Probably Have to Sue.

NEXT WORK ON SOUTH FIFTH

Work was resumed on the street paving between Broadway and Kentucky avenue, on Third street today by Contractor Terrell. It was reported that an agreement was made between the contractor and the city, but Engineer Washington did not know anything about it, if it was.

Contractor Terrell, it is doubtless remembered, wanted the city to pay extra for placing concrete between the street car ties and the city claims that he must do this as a part of his contract. The board of public works met to settle the controversy, but the contractor refused to abide by its ruling, claiming that his contract was made by the general council, and he would accept the decision of nothing but the general council.

Others claim that the contract with the city of Paducah for the property owners of Paducah, who have to pay for a great part of the improvement, and that when the board of public works was organized, all such matters went to it as the proper authority under the law to settle them.

It is understood now that an agreement has been made by which when the matter comes before the general council next week, the latter will transfer and assign to the board of public works, if it is necessary to do so, all authority it may possess in such matters, and the board of public works will then settle it.

Mr. Fletcher Terrell, who is assisting his brother, Contractor E. C. Terrell, with the work, stated this morning that they intended to fill in the concrete as directed and instructed by City Engineer Washington. City Engineer Washington stated that he did not know what decision the contractors had reached, but inasmuch as they had gone to work again, supposed it was the result of advice on the part of their attorneys.

South Fifth street between Broadway and Kentucky avenue is to be torn up next for paving.

THIRTY TWO DEAD FROM DISASTER

No Satisfactory Explanation of Explosion on Missouri.

It Today Seems Probable That There Will Be No Postoffice Inquiry Ordered.

OTHER NEWS BY THE WIRE

Pensacola, Fla., April 15.—There is yet no satisfactory explanation of the accident to the battleship Missouri day before yesterday and the death list has been increased to 32, O. B. Moe, apprentice, J. F. Knight, seaman, and J. T. Donnelly, ordinary seaman, having died since yesterday's reports. The most plausible solution of the disaster is that the gun was being fired too rapidly and some of the sparks remained in the gun when a fresh charge was placed in.

MAY BE NO INQUIRY.

Washington, D. C., April 15.—It is probable from statements made today that there will be no postoffice investigation at all. It is only too evident that the only motive the Democrats have for agitating the subject is to start some kind of an inquiry that will enable them to garble and distort testimony, as they did in the General Wood inquiry, and use it to make political capital. It seems to be the general opinion that the postoffice department has been managed as ably as it could be managed and in a manner satisfactory to the people, to whom the Republican party is responsible for the conduct of affairs, and the prospective investigation today seems to have gone glimmering.

INDEBTEDNESS WIPE OUT.

CHANGE OF VENUE IN HOLLAND CASE

Unusual Proceedings To Be Taken at Murray.

The Commonwealth Does Not Want a Trial in Calloway, Lyon, Trigg or Christian.

THE CASE MAY COME HERE

The unusual proceeding of the commonwealth asking a change of venue will be witnessed at Murray next Wednesday when the case against Sheriff W. W. Holland, charged with killing Hardy Keys in February, 1908, comes up for trial in the Calloway circuit court.

A petition for a change of venue will be filed by Commonwealth's Attorney Denny P. Smith, of Cadiz, who says in his petition that he does not believe, on account of the state of public opinion and for other reasons, that the commonwealth of Kentucky can obtain a fair trial in the county of Calloway nor in either of the counties of Lyon, Trigg nor Christian, in said district, for the following reasons:

1. The defendant at the time the offense, for which he is indicted herein, was committed, and at the present time, was and is the sheriff of Calloway county, where he has a large family connection and relationship residing in all parts of said county, of large and extensive influence throughout said county, and also has throughout said county, a number of friends, sympathizers and partisans, who have so influenced public opinion, that the jury will be deterred from rendering a fair and impartial verdict on account of same.

2. He further says that during the last year, the prosecution of defendant was introduced into the canvass for the office of circuit judge throughout said district, and was made a feature of angry debate, dispute and contention in said canvass by the people generally in all said counties in that district, whereby the minds of the people generally were greatly inflamed in all of said counties against the prosecution, whereby public opinion was so moulded and influenced and still continues to be so influenced, that he does not believe a fair trial can be had in either of said counties, and believes the jury in a trial in any of said counties will be deterred from rendering a fair and impartial verdict on account of same.

3. He says that the other counties are so situated in said district in relation to Calloway, that by the ordinary mode of travel it will be very inconvenient and expensive to the large number of witnesses subpoenaed in said prosecution, to attend the trial thereof in either of said counties.

4. It is an unusual thing for the commonwealth to ask for a change of venue, and outside of the eastern section of the state it has seldom occurred in Kentucky.

5. It is possible the somewhat noted case may be sent to McCracken county for trial.

The dead man, Hardy Keys, like his alleged slayer, was prominent in politics and the shooting followed an altercation near the sheriff's office after a political meeting had been held, Keys being a member of an opposing faction to the crowd that was holding the meeting. It was alleged at the time that he was charged with trying to spy on the others.

Personally appeared before me this

The Sun, who affirms that the above
statement of the circulation of The
Sun for the month of March, 1904, is true
to the best of his knowledge and belief.

PETER PURYEAR,
Notary Public.

My commission expires Jan. 22, 1905.

DAILY THOUGHT.

"Look on every day's duties not as
so much wearisome routine to be dis-
patched somehow or other, but as
stepping stones leading to the desire
of your heart. No one ever made a
lasting success who thought of his oc-
cupation as drudgery."

THE WEATHER.

Rain tonight. Saturday fair and
cooler.

When the sand digger gets to work-
ing again somebody ought to buy the
mayor a supply.

The tobacco trust denies having a
"corner" on burley, but it has been
caught with the goods on it.

It may be a "long lane that has no
turning," but the bend in the road
does not seem to be yet visible to
Russia.

When Gabriel blows his horn, won-
der which particular phase of the
canal question Senator Morgan will be
talking on?

One of the toughest propositions the
voter has to face is how to eat trust
beef and vote the Republican ticket.
—Fulton Commercial.

Well, this oughtn't to worry you
Democrats. You are used to nothing
but crow anyhow.

Judge Cantrell has awarded the
Maysville military company \$1500 for
service on the capitol grounds in
guarding Governor W. S. Taylor.
What explanation will he now make
to Kentucky Democracy for thus ac-
knowledging the authority of Gov-
ernor Taylor in calling out the mili-
tary?

The minority members of the house
have filed a report against the recent
service pension order, and declare
they "will make a hot fight against it
on the floor." Their fight, unneces-
sary to say, will not affect the result.
If the minority gets any satisfaction
out of its "hot fights" that's all it
does get.

A juror in a prosecution on trial in
Washington asked the court if the case
was to be tried on indictment or popu-
lar opinion. The jury was then dis-
charged and the juror was given two
months in jail for contempt. Still,
that didn't answer the question, which
seems to figure in more than one case
these days.

Owensboro is wrought up over an
amendment to the license ordinance
placing a prohibitive license on the
business of hucksters. The grocers
claim that the hucksters interfere
with the retail grocery business and
the hucksters claim they merely com-
pete for business. A big petition from

housekeepers contends that the people
want competition and there is a pros-
pect of repealing the ordinance. Pa-
ducah has had these same kind of
troubles. Either way you look at it,
the consumer usually gets the hot end
of it. If the retailers are protected by
shutting out the hucksters, it means
my old price they choose to fix, and
if the huckster is allowed to buy up
everything and sell wherever he
chooses, it is just as bad. The
cheapest way to get out of it is not to
eat at all.

The effort of Democratic papers to
lay at the door of the administration
the reported indignities at San Fran-
cisco to prominent Chinese entitled
under the law to visit the United
States, is rather a small business.
The United States wants Chinese
trade, but does not want the lower
classes of Chinese. In our commer-
cial relations the people of this coun-
try expect to give and to receive the
worth of every dollar spent. We want
trade just as any merchant wants it,
but we do not propose to throw open
the country to any class that will
jeopardize the welfare of our own
people. The reported refusal of offi-
cials at San Francisco to honor certi-
ficates of admission, if true, is simply
a local matter, and was the act of men
whose conduct did not and will not
receive the sanction or support of the
government.

Secretary of War Taft, until recent-
ly governor-general of the Philippines,
thinks the Filipinos are not yet cap-
able of governing themselves, a con-
tention made all along by the United
States. If they had been, they might
have been made independent before
now. Secretary Taft is a man of un-
questioned intelligence, ability and
perspicuity and his experience in the
Philippines makes his statement au-
thoritative. He said in a recent ad-
dress at Cleveland, Ohio, before the
chamber of commerce, "I affirm, with
confidence in the future judgment of
impartial historians, that the course
which was taken by the United States
in the Philippine islands is the only
course which honor, wisdom and a
due regard to the international obli-
gations of this country on the one
hand, and the due regard to the wel-
fare of the Filipino people on the
other will permit."

NEW AUDITOR

MR. LAWSHE CHECKED OUT
STATION AGENT AT MAXON'S.

Mr. H. J. Lawshe, traveling au-
ditor of the I. C., was in the city yester-
day afternoon on business.

Mr. Lawshe came here from Maxon

where he yesterday checked out Agent
W. A. Davenport, who was called to
Louisville by the serious illness of his
wife.

Mr. J. G. Mitchell was checked in
to relieve Mr. Davenport who is now
in Louisville, but the change is only
temporary. This is Mr. Lawshe's
first official trip to the city since he
succeeded Auditor Harwood.

signed as secretary of the Elks Build-
ing Association, and Mr. A. W.
Greif was appointed to succeed him
as a director in the Building associa-
tion. The directors will now have
to elect a new secretary. The matter
of building the Elks Home was re-
ferred to the Association for a written
report at the next meeting. The As-
sociation was organized to take charge
of the matter of the proposed Elks
building, and decided to build, and
adopted plans but there has since been
considerable delay.

TO STEP DOWN

BUT THE PRINCE GOT HIS
CIRCUS RIDER NEVER-
THELESS

Berlin, April 15.—Prince Hugo
Hohenlohe has married Mme. Helga,
a beautiful circus equestrienne. Mme.
Helga's first husband was a circus
performer.

The prince's marriage violates the
family laws, which provide the for-
feiture of rank in the event of such an
alliance. Henceforth he will be
known as Count Von Hermesberg.

Another prince Hohenlohe married
a Vilniese actress. Hohenlohe is one
of the mediatized reigning houses.

Prince Hohenlohe has been living in
this city since his return from the
United States, where he was at vari-
ous times reported engaged to Ameri-
can heiresses.

RECORD BREAKING

IS THE TIME BEING MADE BY
THE WAR VESSELS.

New Orleans, La., April 15.—With
its four stacks emitting immense
clouds of smoke and four engines
drawing the vessel's screws through
the water at a frightful clip the
United States torpedo boat destroyer
Lawrence, Lieut. Andrew Proctor, of
Frankfort, Ky., commanding, passed
Vicksburg, Miss., traveling at the
rate of twenty miles an hour.

The gunboat Nashville, in charge
of Commander John Hubbard, is fol-
lowing five miles astern, and both
boats are now engaged in making the
fastest time between New Orleans and
St. Louis in the history of navigation
on the Mississippi.

BIG DAMAGES

ASKED BY PROMINENT CITI-
ZENS OF REFORMERS.

Memphis, Tenn., April 15.—Dam-
ages suits aggregating \$100,000 were
filed against Rev. W. E. Thompson,
pastor of the First Methodist church,
and Walker Wellford, as the result of
the reform crusade they inaugurated
last week. Ten prominent business
men, S. T. Carnes, Frank B. Thayer,
H. B. Deming, Frank G. Jones,
Claude Anderson, J. N. Mulford,
Murray Howe, George T. Broadnax,
Jerome P. Parker and E. O. Haus-
man, demand \$10,000 each for being
arrested on bench warrants, charging
them with conspiring to violate the
law by pulling off automobile races on
Sunday.

WANT CARS

AND UNCLE SAM IS CONSIDER-
ING PHILIPPINE RAILWAYS.

Washington, April 15.—Under a
special rule the house has taken up a
bill amending the law relating to the
Philippine island. The provision in
the bill in reference to the granting
of railroads franchises and the guaran-
teeing of 5 per cent. on the cash capi-
tal actually invested in such railroads
was opposed by Mr. Jones, of Virgin-
ia, who alleged that British and Bel-
gian capitalists were ready to build
the roads without such guarantee.

Messrs. Cooper, of Wisconsin and
Crumpacker, of Indiana in urging
the passage of the bill, declared that
it properly safeguarded the interest
of the Filipinos.

BRITISH CONTINUE TO DECI-
MATE THE RANKS OF
TIBETANS.

London, April 15.—A dispatch to
the Times from Gyantse, Tibet, dat-
ed April 11, reports that further fight-
ing in the course of the march of the
Younghusband expedition occurred on
April 8 at Red Idol gorge, where pre-
cious mountains hem the winding
river. The Tibetan guns on the crests
were silenced by the British and the
Thirty-second pioneers forced the pas-
sage. The Tibetans lost 200 killed.
The British had ten wounded and
none killed.

THE DOG CASE

NO REFERENCE WAS HAD TO
CHIEF OF POLICE COLLINS.

Chief of Police James Collins has
been led to think by some of his
friends that yesterday's article rela-
tive to the card City Clerk Henry
Bailey wrote to the paper about the
"dog inspection" business was a re-
flection on him, Chief Collins. The
chief is very much mistaken. After
again today carefully reading over the
article, the writer of it, who had no
reference to the chief, failed to find
anything in it that justified the pre-
sumption that it referred to Chief
Collins. As a matter of fact, Chief
Collins is not the one who played
the "dog joke" on Clerk Bailey, and
consequently no reference could
have been made to him.

The chief does nothing in regard
to the dogs that he is not required
to do. The law requires them to be
taken up, if not licensed, also dogs,
and so far as known no one blames
him for it.

BIDS TOMORROW

CITY OFFICIALS EXPECT TO
LET CONTRACT AT ONCE.

Tomorrow morning at ten o'clock
all bids for the Jones and Tenth street
fire station must be in, and as soon
as the bids are opened and the low-
est and best decided, the fire com-
mittee will notify the successful con-
tractor and instruct him to prepare
for immediate building.

The council will have to ratify
the contracts before the contractor
will be able to begin actual work,
but he will be notified and given
every opportunity to have his material
on the ground and ready for work as
soon as the ratification is made.

The city officials desire that fire
fighting facilities be increased as soon
as possible in order to get the "pink
slip" taken off the insurance policies.

MANY DOG LICENSES

THERE IS A RUSH AT POLICE HEADQUARTERS AT PRESENT.

The number of dog licenses issued in Paducah is about 175 this year. Since the police began making a house-to-house canvass two days ago, about forty persons have come in with their license money, indicating that the police have struck the best plan for enforcing the dog law. There are supposed to be several hundred dogs in Paducah.

WITH THE SICK.

Mary, the little daughter of Mr. Gus Barnett is recovering from an illness at the home of her grand mother, Mrs. M. G. Barnett, of West Jefferson street.

DRIVEN HOME

THE DOCTORS' ARGUMENT WAS RIGHT.

A lady who lives in the National Capitol differed from her physician on the coffee but got the worst of it which she tells all about as follows:

"I was what you would call a 'coffee inebriate' and when Postum was recommended to me by any physician I felt I would rather die than give up my coffee. I continued coffee drinking until I shook like one affected with palsy and my heart at times almost ceased to beat while my complexion was almost the color of the drink."

"But finally coffee did drive the doctor's argument home and I realized I must quit although I felt very badly at the idea of having to give it up."

"I began by making the Postum just as directions called for on the box and before the week was ended I began to feel the effects of the wholesome drink. You will hardly believe me when I tell you that inside of four months I gained 30 pounds, my complexion cleared, my trembling and nervousness is all gone and my heart is as good as new. I have had to admit at last that it was coffee that was at the bottom of the whole trouble which Postum cured most effectively."

"So I used Postum for nearly 6 years but a few months ago I started out as a traveling saleswoman and at some of the hotels I found no Postum, so I would order coffee thinking that an occasional cup would do me no harm but the first week I noticed the old trembling pain coming back, my heart troubled me as of old and now it is settled once and for all that coffee is not for me. If it happens I cannot get Postum I drink water but whenever possible you may be sure I will have my cup of delicious Postum." Name given by Postum Co., Battle Creek, Mich.

Don't wait until Nature drives her arguments against coffee home. It's easy to shift to Postum and the change works wonders for health.

PADUCAH WON

East St. Louis Men Had Best of it for Eight Innings.

Two More Games to Be Played Here—Memphis Comes Sunday.

The Paducah K. I. T. League baseball team defeated the East St. Louis team yesterday afternoon in a match game at Wallace park by a score of 12 to 11. There was a great deal of heavy batting on both sides and some very dull fielding, but the game was not uninteresting, especially in the last inning when the score stood 7 to 11 in favor of the St. Louis team. Every one hit in that last half and Paducah players ran up five scores and won out in the very face of defeat.

The East St. Louis team will remain here two days longer, completing the series tomorrow afternoon. This afternoon Hudson and Nippert will be the Paducah battery. Girard pitched yesterday and did well, considering this was his first game.

The baseball grounds have been nicely repaired and the diamond is in good condition. It will require some little work yet before it is in the best of condition, and Manager Ray will continue to roll and scrape it until it is satisfactory to the players.

With a few more days of pretty warm weather the Paducah team will be in good shape to meet the Memphis warriors Monday, Tuesday and Wednesday and will give the Southern league team a hard fight.

Armstrong, who caught the first part of yesterday's game for the St. Louis team, injured his right thumb yesterday and had to retire from the game. He will manage Hopkinsville's team this season and is a baseball man through and through, having played in every minor league in the country in the last ten years.

Brady, one of Paducah's fast pitchers and fielders, arrived from Terra Haute last night and reported for duty this afternoon. He will be worked down and placed in against the Diels Sunday.

CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health. If you have a chronic sore write us. No charge for medical advice.

J. W. Russell, county court clerk of Hickman county, Tenn., writes:

"My wife has used several bottles of Emulso-Hypo with Iron and has been wonderfully improved. I can conscientiously recommend it for all lung trouble."

Rev. G. T. Sullivan, presiding elder of the Memphis district, writes under date of Dec. 1, 1903:

"My daughter, whose system was very much run down, has been taking your Beechwood Emulso-Hypo with Iron, and has improved so much with one bottle I have no doubt by continuance she will be fully restored in her nerve forces. I am delighted with the results and shall continue her on it. Wishing you prosperity, I am, yours truly,

HUMANE SOCIETY

State Organization Want Law Against Shooting Live Birds.

Will Also Ask the Next Legislature to Prohibit the Docking of Horses.

The members of the Kentucky Humane Society are preparing for an active campaign in favor of two laws desired by that organization. They will be unable to secure the passage of the laws, however, for two years, as the legislature does not meet until January 1906.

The society has taken a cue from a new law passed in the District of Columbia, imposing a fine for docking horses' tails. The practice is regarded as exceedingly cruel by the society and two years ago it succeeded in getting a bill through the legislature prohibiting it. The bill was vetoed by Governor Beckham.

Another bill will be presented to the legislature at its next session by the society which will be aimed at the various gun clubs in Kentucky. Recently in New Jersey it was made unlawful to hold pigeon matches. It is customary for the gun clubs to have live birds in traps which they will release and shoot as they fly through the air. The Kentucky Humane society claim that they will fight hard to have a bill passed in the legislature preventing the gun clubs from shooting at live birds and urging the use of clay pigeons.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass state could not remedy a bad liver or the hundred and one ill effects it produces. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over 35 years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." "I was afflicted with heart trouble for three years. I would be apparently all right, and without a moment's warning would fall as though shot. The attacks were frequent, and a terrible dread possessed me, as I never knew when or where, nor under what conditions I would be attacked, and whether I would survive them. I consulted and was given the most eminent medical advice. Physicians of the state. Not finding relief from this source, I began taking Dr. Miles' New Heart Cure, and began to improve at once. I used ten bottles, which entirely cured me, as I have not had an attack for five years."—MRS. JOHN DRESBACK, Leipsic, O.

TO GRADE TEACHERS

School Board To Take Up An Important Matter Soon.

Want to Pay Teachers According to Their Ability and Experience.

The question of grading teachers in the public schools and paying them according to their years of service is being considered by a committee at present, and last night Trustees May, Herndon and Morrison held a meeting to discuss the matter. At present there is a uniformity of pay based on the kind of teaching done. Grammar grade teachers receive \$45 and others more or less, according to whether they teach higher or lower grades.

It has been suggested that after this term the teachers be graded according to experience and paid from \$30 to \$65 a month. It is not known what the board will do with the question, but it is one that is certain to be disagreeable to many teachers. Some teachers claim that a teacher with practically no experience can teach certain classes better than a teacher who may have had a dozen years' experience in other grades, because some persons possess the faculty of teaching, while others do not. It is claimed further by some of the teachers that they should be paid by the amount of work they do, no matter how much experience they may have had, or not had. In other words a teacher with 15 years' experience may be placed in a room where there is not near the work, and not near the ability required, as in a room presided over by a comparatively new teacher, and yet get more pay, notwithstanding the fact that she doesn't do as much work. Some contend that there is no more sense in trying to grade teachers by the number of years' experience they have had than there would be by grading the butcher, the baker, the house carpenter or some one else that way. They claim they should be graded by the amount and quality of work they do, which is not always dependent on the amount of experience they have had.

Prof. Frank May was seen this morning and stated that the plan while incomplete, could be clearly outlined in a few words. He said: "We intend to pay the teachers who have had the longest school experience the best salary, except in the first grade of the primary department, the seventh and eighth grades, of the younger department, where better teaching ability is necessary than any other grades. Under the plan we roughly mapped out, some teachers will be paid more while the recruits who have just gone into the work, will receive less than the present salary. The average salary under the new plan will be about \$50 or a fraction greater.

The committee will meet again next week and complete the work. Many of the teachers in the schools seem to favor the plan.

GUN CLUB MATCH

LAST PRACTICE SHOOT BEFORE THE BIG TOURNAMENT IS HELD.

The Paducah Gun club yesterday afternoon held a practice shoot at Wallace park, the last before the big tournament which takes place beginning Tuesday and lasting three days. Mr. W. B. Kennedy won the club medal, getting 28 out of 25. In a live bird match at ten, the following scores were made: Kennedy 9, Beyer 10, Armstrong 8, Moses Star 8, Hansbro 9. The following was the result of the 25 target match: Kennedy 16, Davis 22, Mercer 24, Armstrong 23, Beyer 24, Hansbro 22, Weille 12, Starr 19, Davis 18, Kennedy 17, Hansbro 17, Milam 20, Mercer 25, Weille 17, Mercer 21, Weille 20, Starr 21, Hansbro 21, Milam 22, Starr 22, Milam 18, Kennedy 19, Hansbro 20.

A DANDY FOR BURNS.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, \$1 bottle.

Harkless, fully dressed, was standing in the middle of the floor.

and every minute lessens our chances to beat McCune, and I have to begin by wasting time on a tussle with a traitor. There's another train at 11:55; I don't take any chances on missing that one."

"Well, well," laughed his friend, pushing him good humoredly toward a door by a red and white striped pillar, "we'll wait here if you like. But at least go in there and get a shave; it's a clean shop. You want to look your best if you are going down to fight H. F. Fiske."

"Meredith," said the other, turning to him gravely, "you may think me a fool if you will, and it's likely I am, but I don't leave this station except by train. I've only two days to work in."

at home. He's coming on the 11:55."

Then he read the three telegrams Harkless had given him. They were all from Plattville.

Sorry cannot oblige. Present incumbent tenacious. Delicate matter. No hope for K. H. But don't worry. Everything all right. WARREN SMITH.

Harkless, if you have the strength to walk, come down before the convention. Get here by 10:47. Looks bad. Come if it kills you. K. H.

You intrusted me with sole responsibility for all matters pertaining to Herald. Declared yourself mere spectator. Does this permit your interfering with my policy for the paper? Decline to consider any proposition to relieve me of my duties without proper warning and allowance of time. Forced to disregard all suggestions as to policy, which by your own instructions, is entirely my affair and must be carried out as I direct. H. FISKE.

CHAPTER XIV.

THE accommodation train wandered down through the afternoon sunshine, stopping at every village and every country postoffice on the line. There was a passenger in the smoker who found the stops at these wayside hamlets intolerable. He got up and paced the aisle now and then, and his companion reminded him that this was not certain to hasten the hour of their arrival at their destination. "I know that," answered he, "but I've got to beat McCune."

"By the way," observed Meredith, "you left your stick behind."

"You don't think I need a club to face?"

Tom choked. "Oh, no; I wasn't thinking of your giving H. Fiske a beating. I meant to lean on."

"I don't want it. I've got to walk lame all my life, but I'm not going to hobble on a stick."

Tom looked at him sadly for a moment. It was true, and the Crossroads might hug themselves in their cells over the thought. For the rest of his life John Harkless was to walk with just the limp they themselves would have had if, as in former days, their sentence had been to the ball and chain.

The Cairo Bulletin says: "The City of McGregor arrived last night from New Madrid. She rescued from a watery grave 600 head of cattle. On one trip with quite a bunch of cattle aboard, there was one wild brute that caused the cattle to bunch on her guard, which gave way under the heavy weight and let them into the river. They began to swim around in a circle as cattle always do when they get overboard. Capt. Hank Clark, who was at the wheel, rounded to and headed the boat right through the bunch, which separated them, and one muley cow struck out for shore, and the rest followed. Four head were exhausted and lost."

BIG CROWD

THE I. C. GIVES A CHEAP RATE TO ODD FELLOWS.

The Illinois Central railroad company has made the local lodge of Odd Fellows rates for April 26th to Carbondale, Ill., where the big interstate meeting will be held.

The rate is made to encourage a liberal patronage outside the lodge men as it is expected many pleasure seekers will make the trip, now that the low rate has been inaugurated. The rate will be \$2.40 or one fare, for the round trip.

The Odd Fellows are making great preparations for this event and will take several hundred people away from Paducah on the 26th. The matter of the selection of a ban has not been decided, the members of the committee appointed to engage the music waiting for a programme to see if there will be any band contests this year.

THE COMMANDER OF THE NASHVILLE

Writes Mayor Yeiser a Letter of Thanks.

Says He Will Come to Paducah if Possible to Get Under the Cairo Bridge.

WILL WIRE FROM MEMPHIS

Mayor D. A. Yeiser this morning received a letter stamped "U. S. S. Nashville en route," and directed in a bold flourishing hand.

The envelope contained a very pleasing letter from the commander of the gunboat which will visit Paducah soon, if possible, and which read as follows:

U. S. S. Nashville, 3d Rate, St. Joseph's Landing, La. April 12, 1904.

Sir: Referring to your cordial invitation to visit your city with this vessel, I have the honor to notify you that I shall direct special inquiry on my arrival at Memphis to ascertain whether it is practicable for this vessel to pass under the Cairo bridge at the then stage of water. Should I find it possible to visit your city I will duly notify you. Very respectfully,

JOHN HUBBARD, Commander U. S. Navy, Commanding.

The Mayor, Paducah, Ky. Mayor Yeiser did not write the invitation but supposes it went through the war department. He thinks that instead of writing to Washington, where instructions were given him, Commander Hubbard took this pleasing means to notify the citizens directly. The public will anxiously await the arrival of the Nashville at Memphis, and it is hoped the water at Cairo will be at a favorable stage.

A FALLEN INDIAN HERO.

From the Sporting News. Metoxen, the fleetest, fiercest and strongest of Carlisle football heroes, whose name was wont to ring on famous fields a few years back, is a plain, hardworking farmer in Michigan hauling cordwood to a paper mill near Green Bay, and making straight runs all the way down the field behind his plow. But in the autumn the farm can not hold the warrior, and harvests can go hang, while he goes on the warpath to play football on the teams of neighboring towns. Metoxen has not relapsed to reservation shiftlessness and is laying out cash to buy more farm land. Once in a while the thought of old time glories causes him to heave regretful sighs of various size. While in Green Bay recently he picked up from the seat of his farm wagon a worn, silklined overcoat that had been a handsome garment in its time and remarked:

"That's what we used to get when we played football. Now, umph! I get darn little and have to hustle for that." Colonel Pratt of the Carlisle school keeps track of the latter careers of his athletes and is able to report that not one of these doughty football players has drifted back into idleness and worthlessness. All have gone out to "buck the center" and make a white man's living in a white man's style.

Every Business Has a Standard

One House That Stands Alone

Towering above all others for public confidence, for best merchandise, for honest business methods, this high standard cannot be attained by the "jolly-along" and slap-you-in-the-back methods indulged in by some houses. But by a constant endeavor to always please and always give the people the best quality at the right prices, these methods have placed us at the VERY TOP—The Standard Clothing House of Paducah, and that is why the people have learned to look to us for the best in everything we sell, and we never disappoint.

Why Not Wear Good Clothing

Its just as easy as it is to wear the inferior kind. They don't cost any more here and there's a whole lot more satisfaction in wearing a suit that don't get out of shape, that fits and hangs right, that makes you feel dressy when you put 'em on. You get that in our Hand Tailored Suits for men and young men, and you get still more, you get personal attention from experienced salesmen who won't let you take a suit out of the house unless it fits in every detail and you are thoroughly satisfied with the color and the style. Better come in and see what we're showing for spring. Might find it worth your while.

Are You Particular About Underwear

Perhaps you'll be interested in your summer supply soon. We are agents here for the genuine Belfast All Linen Mesh Underwear. Nothing to compare with it in Paducah. Special display of balbriggan, lisle and mercerized silk, in light and medium weight underwear now in.

Shirts of Character

Very striking styles that we have selected with an eye to their being different from shirts shown by others. Such standard makes as Monarch, Star, Eclipse, Cluett and E. & W shirts in imported and domestic fabrics, cuffs attached or detached, plain or plaited bosoms, fine linens, madras, silk and mercerized silk fabrics, all sleeve lengths, on show now, spring and summer, \$1 to \$3.50
